THE LOTUS JOURNEY

Across Thailand, the lotus is a symbol of purity rising from the water of beauty born from nature and of devotion offered at temples and shrines

Just as the lotus unfolds its petals to the morning sun, so too does Thai cuisine open layer upon layer of flavor delicate, vibrant, and profound

The Lotus Journey invites you to follow the path of this sacred blossom each course reflects a stage in its life the roots drawing from the earth the stem reaching toward light the bud holding secrets within and the bloom revealing its full grace

Along the way, you will taste the harmony of contrasts that define Thai cooking fiery and soothing sweet and sharp, humble and regal
